Project Integrating Global Environmental Issues into Bulgaria's Regional Development Process (Rio Conventions Project)

The Rio Conventions Project is making a call for proposals, to all interested Bulgarian legal entities, for implementation of the assignment: **“Develop a National Training Program Package on Integrating Global Environmental Objectives into Regional Development Policy and Spatial Planning in Bulgaria”**. The assignment includes: development of a training program in the cross-cutting area of global environment and regional development aimed at public officials and environmental experts in Bulgaria. The program shall be developed in cooperation with an international partner, to be selected by the Project.

Detailed information on the assignment and format for the proposals is available at the following web pages: www.rioconventions.org or www.undp.bg. Proposals should be submitted at: UNDP, 25 “Khan Krum” Str. 1040 Sofia, Bulgaria to the attention of Mrs. Lene Jespersen, Resident Representative a.i., at the latest by 17:30 hrs on **10 September, 2007**.
