Development Programme

### **Invitation for Expression of Interest to National Consultants in Regional Development, Spatial Planning, GIS and Environmental Protection**

The Rio Conventions Project is a joint initiative of the United Nations Development Program and the Ministry of Regional Development and Public Works. With regard to the implementation of Project's Output 1.3 "Set of uniform indicators and guidance for application are established for measuring the contribution of regional development policy and spatial planning to meeting global environmental objectives", the project is compiling a database of national consultants for the implementation of forthcoming assignments. The assignments shall involve: review and analysis of national, regional and local level plans, strategic documents and databases, indicators development and application of GIS in the following areas: regional development, spatial planning, and environmental protection.

Detailed information about the project is available at the following web page: [www.rioconventions.org](http://www.rioconventions.org).

Expressions of interest consisting of: (i) a recent CV, (ii) a letter of interest, (iii) a list of relevant publications and (iv) a short description of 3 to 5 assignments (implemented by the consultant after 2000) in one or more of the areas listed above, accompanied by contact details of the client - should be sent by email to [assignments@rioconventions.org](mailto:assignments@rioconventions.org) to the attention of Mrs. Natalia Dimitrova, Rio Conventions Project Manager at the latest by **14 September, 2007**.
