

BRIAN SHIPMAN BA Hons, MRTPI

Brian Shipman has over thirty years experience in spatial planning, environmental management and regeneration.

Currently he is **European Policy & Development Officer** responsible for transnational co-operation across Europe and internationally for Cornwall County Council, a maritime region in the UK.

He has extensive experience of Territorial Cooperation, Neighbourhood, Intelligent Energy and other EU programmes. Previously he worked as project and team manager for environmental and regeneration projects using European Structural and domestic programmes.

In addition, as an expert on the sustainable management and governance of coastal areas, he is an **external advisor to the Mediterranean Action Plan (MAP)** and signatory states through the UNDP and UNEP. He is a national spokesman on coastal and marine policy in the UK for local government.

Key skill areas

- Transnational project development & management
